

php Central Europe 2018

Conference

Sponsorship Offer

*On the behalf of the Organising Team of the **php Central Europe 2018** conference,
I am honoured to invite you to take part in the organisation of this edition of the event.
Taking advantage of this opportunity I would like you to read our sponsor offer.*

New season and new challenges! As conference organisers we understand perfectly that you can stay with peleton only when you focus on development. That is why **phpCE**, as an event aimed at a wide group of PHP programmers from Central Europe, leaves Poland for the first time.

We are stronger than before thanks to the organisers of **Brno PHP Conference** and volunteers from the **Pehapkaři** group. Together we have been working for the success of this year's edition and we are **inviting you to Prague!**

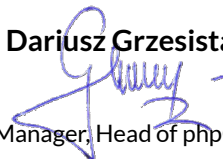

I hope that we will manage to go even further than last year when we received 250 speech proposals and had 55 delivered talks that as many as 1,120 of attendees found interesting. To achieve this, we will maintain good practices from the previous year, i.e. division into lecture paths varying with the level of advancement, and a rule that lectures for beginners are delivered in the language of the host country of the conference.

One of the most important things for us is the marketing of our conference in neighbour countries. It's the reason that we are permanently doing a social media networking in Czech Republic and Slovakia, in Poland, Germany, Romania, Austria and Hungary.

Further growth requires strong, reliable partners. I believe that your support of the phpCE 2018 will be profitable for both parties. Therefore I encourage you to read the offer we prepared for you.

Yours truly,

Dariusz Grzesista

A handwritten signature in blue ink, appearing to read 'Dariusz Grzesista', with a stylized flourish at the end.

Event Manager, Head of phpCE 2018

GENERAL INFORMATION

Name, time and place

php Central Europe Conference, October 26th - 28th, 2018; <https://2018.phpce.eu/>

Clarion Congress Hotel Prague**** – Prague 9 Vysočany, 33 Freyova St.

<http://www.clarioncongresshotelprague.com/en/>

Conference tickets does not have bed and breakfast included.

Rooms can be booked by phpCE guests as far as available, however keeping in mind that there's more conference tickets than accommodation, the critical is to book b&b services in advance.

Proper link to the website of the Clarion hotel will be placed at phpce.eu yet before starting ticket sales. Please note that you can always choose another b&b.

Mission

Raising qualifications, promoting best programmer practices, integration of the community, exchange of experience among professionals and enthusiasts of PHP programming language and various technologies related to it.

Theme

Widely understood programming and administering of the PHP environment. Frameworks, servers, the newest concepts, trends and technologies. Exchange of ideas and experiences, presentations of individual approaches to problems and methods of their solving.

Talks

The unique feature of the phpCE Conference is three-path split of agenda, according to difficulty level of talks, into:

1. **Relaxing** – track dedicated to easiest matters, national language of talks (Czech) is preferred,
2. **Intermediate** – track with intermediate skill level, English language of talks is preferred but not required,
3. **Geek** – track with highest difficulty level; good or very good skills in PHP are required; all talks will be given in English here.

Sponsored talks

We offer a separate lecture room for sponsored and *unconference* talks only, on Saturday and Sunday. The reservation of timeslots will be possible on site, on demand. We announce such upcoming talk of sponsor ahead, in the main lecture halls.

The Platinum Sponsor has additional possibility to give a 60-minute talk in the **Relaxing** track.

The ideas behind sponsorship

1. Reimbursement of transport and accommodation costs for invited guests and speakers.
2. Participation in accreditation and promotion of the event: conference gadgets included in each starter pack distributed among attendees during checking-in at the hotel.
3. Sponsorship of the specific event's element, such as Opening Day for Speakers, free beer during after-party, music concert, etc. In this case you can obtain a title of Sponsor of this specific element.

Support methods

1. Purchase of sponsoring service or advertisement from the conference organiser (VAT invoice).
2. Direct covering the costs of specific event's element (with no organiser activity).

sponsorship offer

sponsorship offer

PACKAGES LIMITATIONS

If you plan to build your custom package, please read about limitations shown below.

Example: if you subtract as much elements from Gold Package as it's total amount get lower than 2000 euros, the package is automatically renamed to Silver.

	Platinum	Gold	Silver	Bronze
minimum sponsoring value in €	4 000	2 250	1 500	750
maximum number of marketing e-mail messages forwarded to event attendees	5	3	2	1
maximum number of advertising roll-ups in lecture rooms	3	2	1	1

In case of shipment please send all packages under:

name: **Dariusz Grzesista, Conferia LLC**, zip: **44-200** city: **Rybnik**, address: **ul. Wodzisławska 50A**, country: **Poland**.

We love to receive all promotional gadgets and materials with adequately large advance.

Nowadays we can assume that the 1000 attendees group is quite possible. However, our lecture halls will be prepared for 1300 persons in approx.

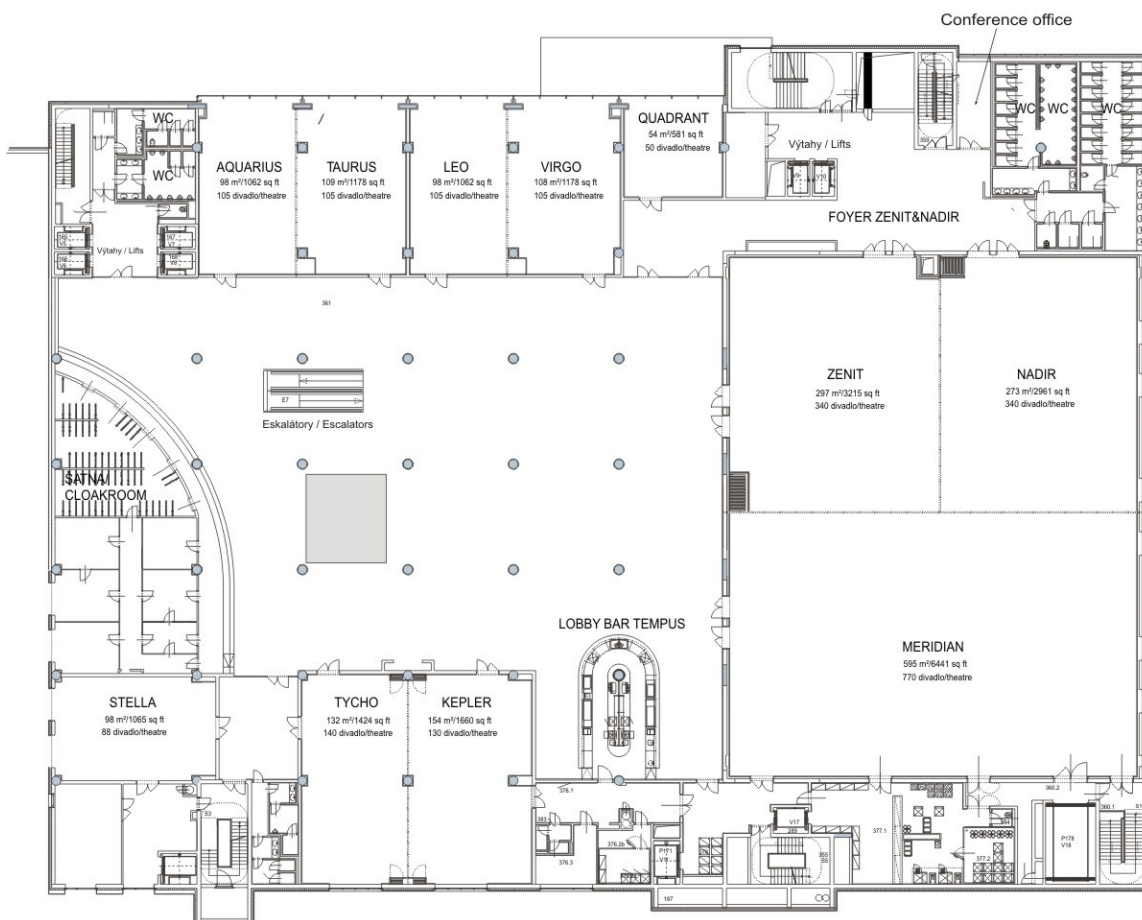

In general, please mind that the final day we have to receive the shipment is October 19th, 2018.

Due to logistical reasons, we cannot guarantee that any gadget received after this date will appear in the starter pack.

All amounts which appear in this document aren't inclusive VAT.
